

## ***Clinic Case Study Grading Rubric: Level II***

**Student Name:** \_\_\_\_\_

**TOTAL SCORE:** \_\_\_\_\_  
(75% or more required to pass)

**Formatting (10%):**

- A (10 pts) = Case Study format demonstrates attention to detail and academic quality.
- B (8 pts) = Case Study format acceptable, but needs specific improvements.
- C (6 pts) = Case Study format minimally acceptable; much improvement needed.
- F (0 pts) = Unacceptable formatting.

**Score & Comments:**

**Case Summary (10%):**

- A (10 pts) = Summary has enough detail for a comprehensive differential diagnosis of the patient.
- B (8 pts) = Summary is acceptable, but missing some important details.
- C (6 pts) = Summary is minimally acceptable.
- F (0 pts) = Unacceptable Summary.

**Score & Comments:**

**Chinese Medical Diagnosis & Analysis (25%):**

- A (25 pts) = Diagnosis is comprehensive, clearly stated, and adequately supported with evidence.
- B (20 pts) = Diagnosis is comprehensive, but minimally supported with evidence.
- C (15 pts) = Diagnosis not comprehensive and/or minimally supported with evidence.
- F (0 pts) = Diagnosis not comprehensive and/or not supported with evidence.

**Score & Comments:**

**Biomedical Impression (10%):**

- A (10 pts) = Biomedical impression supported with evidence and details on standard of care included.
- B (8 pts) = Biomedical impression supported with evidence, but missing details on standard of care.
- C (6 pts) = Biomedical impression questionable and/or missing details on standard of care.
- F (0 pts) = Unacceptable Biomedical impression with inadequate details on standard of care.

**Score & Comments:**

**Treatment & Analysis (25%):**

- A (25 pts) = Treatment plan summarized and comprehensively analyzed.
- B (20 pts) = Treatment plan summarized and analyzed, but missing some important details.
- C (15 pts) = Treatment plan summarized, but minimally analyzed.
- F (0 pts) = Unacceptable treatment summary and analysis.

**Score & Comments:**

**Outcomes & Prognosis (10%):**

- A (10 pts) = Outcomes detailed and the prognosis thoroughly explained.
- B (8 pts) = Outcomes and Prognosis adequately explained, but missing details.
- C (6 pts) = Outcomes and Prognosis included, but minimally explained.
- F (0 pts) = Outcomes or Prognosis not included or not sufficiently explained.

**Score & Comments:**

**Recommendations & Conclusions (10%):**

- A (10 pts) = Recommendations and Conclusions thoroughly explained and supported with evidence.
- B (8 pts) = Recommendations and Conclusions adequately explained, but missing details.
- C (6 pts) = Recommendations and Conclusions included, but minimally explained.
- F (0 pts) = Insufficient Recommendations and Conclusions.
